News Release

ECCO ENERGY CORP. ANNOUNCES PURCHASE OF LOUISIANA SHELF PARTNERSHIP FOR \$5 MILLION, INCREASING THE COMPANY'S RESERVES BY 12.5 BILLION CUBIC FEET OF OIL AND GAS

October 1, 2007

HOUSTON, TEXAS /PRNewswire-FirstCall/ -- ECCO Energy Corp. (OTC Bulletin Board: [ECCE](#) - News) announced today that it executed an agreement on September 28, 2007 pursuant to which ECCO acquired all of the partnership interests in Louisiana Shelf Partners, LP, a Delaware limited partnership ("Louisiana Shelf Partners"), for \$5,000,000 by issuing to the General Partner and the limited partners of Louisiana Shelf Partners 1,000,000 shares of Convertible Preferred Series B stock, which converts into ECCO Energy common stock at \$5 per share.

Louisiana Shelf Partners owns Louisiana State Lease Number 17742 in Block 4, covering 600 acres in East Cameron Area in Cameron Parish Louisiana. The property consists of two wells: the #1 well, proved developed non-producing (PDNP), and the #2 well, which is a proved undeveloped location (PUD). Management of [ECCE](#) believes that based upon today's pricing, the potential reserves may be valued in excess of \$40,000,000. The #1 well flow-tested approximately 1 million Mcf/d, and 100 barrels of condensate per day.

Samuel M. Skipper, ECCO's Chairman and Chief Executive Officer stated, "I am very excited to announce this acquisition. This gives ECCO the critical mass, net worth, and reserve base needed for ECCO to be a successful Exploration & Production company. Our goal is to immediately connect the #1 well, and drill the #2 well, thus dramatically increasing our cash flow. We are currently in negotiations with two companies, exploring the most cost effective way to establish production."
